Introducing...

# **Unique Valve Technology**

designed to increase brand density and consumer options

# **Completely Retrofittable**

on most legacy fountain drink dispensers in less than one hour

Great for **Carbonated** and **Non Carbonated** Beverages

Brands + Water

Uses Today's **Existing Valve Space** 

Attracts More Consumers

# **FEATURES & BENEFITS**

## **Unique Valve Technology**

Dispensing 3 brands + 1 water

## Ease of Installation

Installed in less than 1 hour

# **Superior Drink Quality**

Across carbonated and non carbonated brands

#### Easy to Use and Maintain

Front access to all controls

## **Market Expansion**

Reach more consumers and daily occasion opportunities

#### **Adaptable**

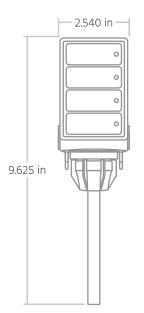

Available as retrofit kit or part of new equipment and runs on unit's existing electronics

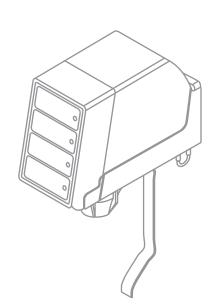

#### Reliable

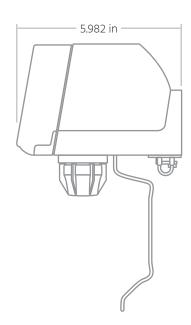

Durable capacitive touch panel with proven market performance

# **Parts Simplicity**

Most service parts exist in today's Cornelius valve portfolio

Part No.	Description
620069112	Sanitary Lever Valve, ceramic regulator, with mounting block and covers
620069114	Push Button Valve, ceramic regulator, with mounting block and covers
620069118	Optifill Lever Valve, ceramic regulator, with mounting block and covers
620069490	Prism Knockout Tool Kit, to retrofit valve & backblock on faucet plates manufactured circa 2007 or earlier

# **TECHNICAL SPECIFICATIONS**

Flow Rate 1.5 - 3 oz/sec (45-90 mL)

Syrup Compatibility Works well with industry standard ratio syrups

(4.75 - 5.5:1)

Water 40 - 100 PSI **Pressure Range** Syrup 20 - 80 PSI

**Electrical Requirements** 24 VAC / 50 Hz 60 Hz **Graphic Size** 

**Shipping Weight** 33 lbs. (16-valve carton) Front: 0.825" H x 1.93" W

(4 locations)

Back: 2" H x 1.97" W

Dispenser Compatibility

**Agency Listings** 

Works best with soft plumbed fountain dispensers (i.e. flexible manifold)
